EDUCATION

Gujarat Technological University

Diploma in Computer Engineering (CGPA: 9.48 / 10.0)

July 2023 - June 2026

Shree Gattu Vidyalaya

Secondary School Certificate (Percentile: 76.29/100)

July 2020 - April 2021

Internships

Stypix, Ahemdabad

June 2024 - July-2024

Android Development Intern

Remote

- Designed and developed basic Android UI layouts using XML.
- Implemented simple application features and activity lifecycle handling.
- Performed activity navigation to enhance user flow within the application.
- Gained hands-on experience with Android Studio and app structure.

BrainyBeam Infotech Pvt. Ltd.

May 2025 - July 2025

Android Development Intern

Remote

- Managed smooth navigation and data flow between different application activities.
- Integrated MySQL database with application frontend for data storage and retrieval.
- Implemented basic CRUD operations using MySQL and Java.
- Worked with core Java concepts to handle application logic and data processing.

PROJECTS

Blood Donation Application

Technologies: Android XML, Java

- Developed an Android application to connect blood donors with recipients efficiently.
- Designed user-friendly UI for donor and recipient interaction.
- Implemented features for donor registration and blood request posting.
- Ensured smooth navigation across different application screens.

Simple Stock Price Prediction Using ML

Technologies: Python, Numpy, Pandas, Matplotlib, Scikit-learn

- Built a system to analyze and predict stock prices using basic machine learning concepts.
- Processed and analyzed stock market data for trends and patterns.
- Implemented logic for data handling and prediction calculation.
- Visualized data for better understanding of prediction results.

TECHNICAL SKILLS

Programming Languages: Python, Java, C++, C, Android XML

Tools and Technologies : Git, GitHub

Concepts: Object-Oriented Programming(OOPs), Data Structures, Basic Machine Learning
